electric-vehicle sales  
jumped **10%\*** in the  
year ended March 31

Nissan sold more than

**320000**

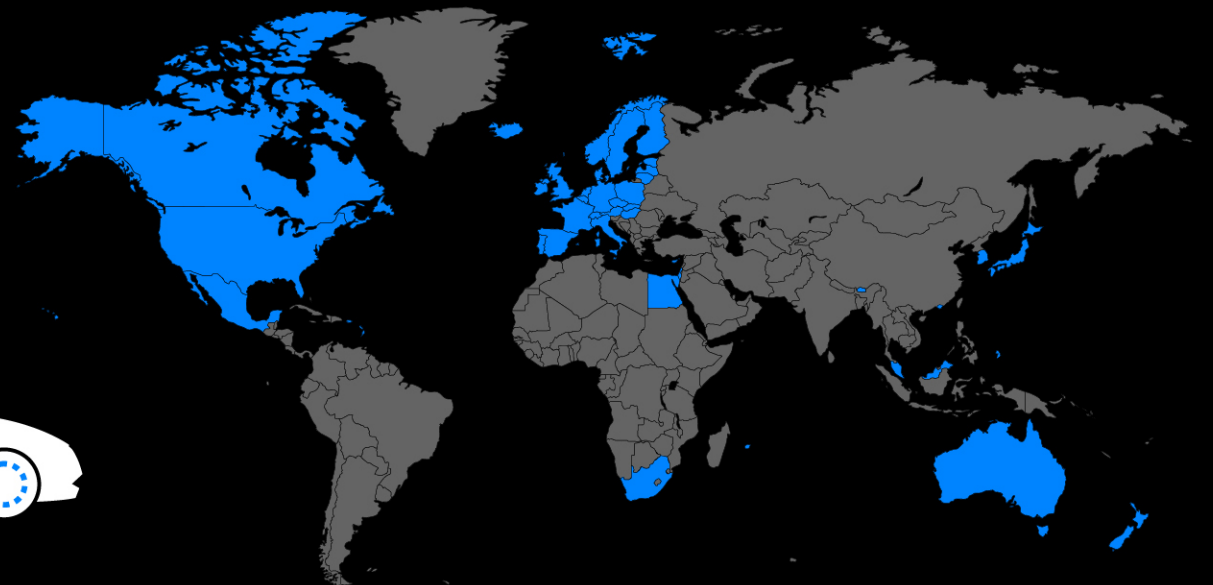

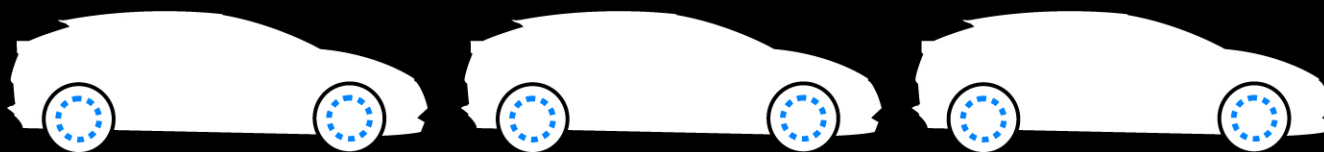

LEAF vehicles since its launch in 2010

Nissan LEAF retains  
**leadership position**  
since its launch in 2010

The new Nissan LEAF witnessed outstanding demand from  
**Europe, Japan and the US**

Nissan has sold more than  
**54,000\*** Nissan LEAF vehicles in FY2017.  
It is now available in **51 markets**.

New Nissan LEAF named  
**2018 World Green Car**  
by the World Car Awards

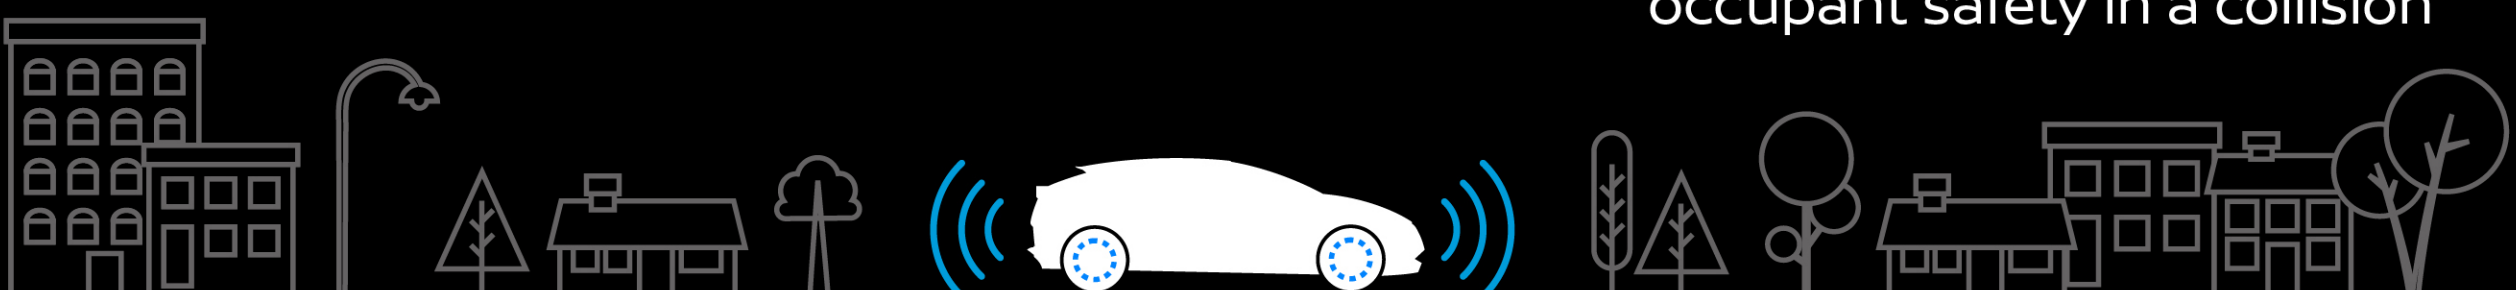

New Nissan LEAF wins  
**CES 2018 Best of  
Innovation Award**  
by Consumer Technology Association

New Nissan LEAF received  
**5-star safety rating** from the Japan  
New Car Assessment Program in 2018

The 100% electric car's **ProPILOT**  
autonomous driving technology and  
other safety features helped it score  
**94.8 points** out of a possible 100 for  
occupant safety in a collision

## New Nissan LEAF SIMPLY AMAZING

\*10% growth rate calculated is for Nissan LEAF and e-NV200

\*Total units sold in FY17 is for both New Nissan LEAF and previous-generation LEAF

\*ProPILOT (known as ProPILOT Assist in United States of America)
